3 Log In

1 LCU's Video Recording Program is now **VidGrid** (formerly ilos - new branding and color scheme, same function/operation)

2 VidGrid may be accessed from both **Moodle** and **www.vidgrid.com**

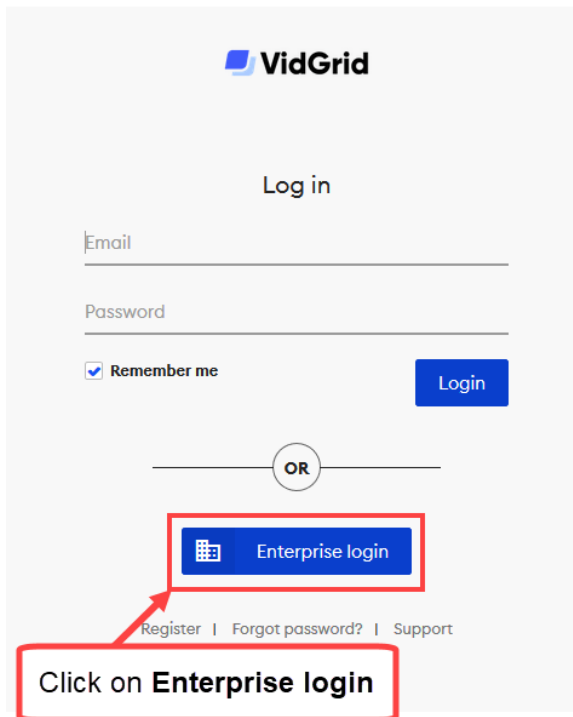

3 Login to VidGrid using your LCU credentials

As a student or employee of LCU, VidGrid is no cost to you.

The only download is the recorder from either Moodle or VidGrid.com

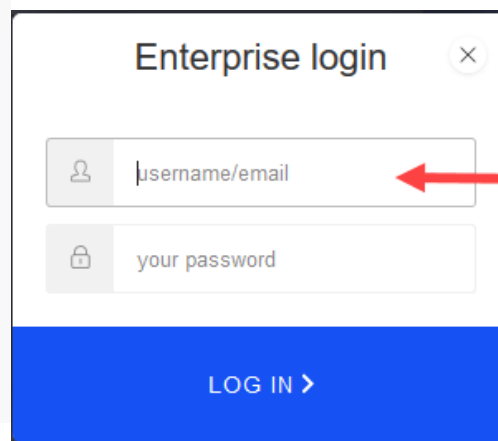

Logging In

From www.vidgrid.com

The VidGrid login page features the VidGrid logo at the top. Below it is a 'Log in' section with fields for 'Email' and 'Password'. A 'Remember me' checkbox is located below the password field. A blue 'Login' button is to the right of the password field. Below the login fields is a horizontal line with a circle containing 'OR' in the center. Below this line is a blue button with a building icon and the text 'Enterprise login'. At the bottom of the page are links for 'Register', 'Forgot password?', and 'Support'.

Click on **Enterprise login**

The 'Enterprise login' modal has a title bar with a close button. It contains two input fields: the first is labeled 'username/email' and the second is labeled 'your password'. A blue bar at the bottom contains the text 'LOG IN >'.

Enter your LCU email

This modal shows the 'Enterprise login' form with the email 'example@lcu.edu' entered in the 'username/email' field. The 'LOG IN >' button is at the bottom.

Click on **Log In**

This modal shows the 'Enterprise login' form with 'lcu.edu' in the domain field, 'example' in the username field, and a masked password in the password field. The 'LOG IN >' button is at the bottom.

My Grid: Recording Repository

Logging in brings you to your grid. This is your video library

If previous videos have been recorded, they will be found here in folders you have created.

You can begin recording by selecting the **Record** button.

Videos put in **Trash** may be retrieved up to 30 days.

Tutorials and Help provide a large quantity of information for learning more or for troubleshooting.

Create a folder with your name or course to keep your videos in.

Drag and drop your videos into new folder.

If you do not add your videos to a folder, they will be saved to **Campus Wide Content** (accessible to all users and more difficult to locate).

Your 10 most recent videos will appear in **My Grid**. You can view all of your videos in your folders. To create a new folder, click on the **+** symbol next to the **Record** button.

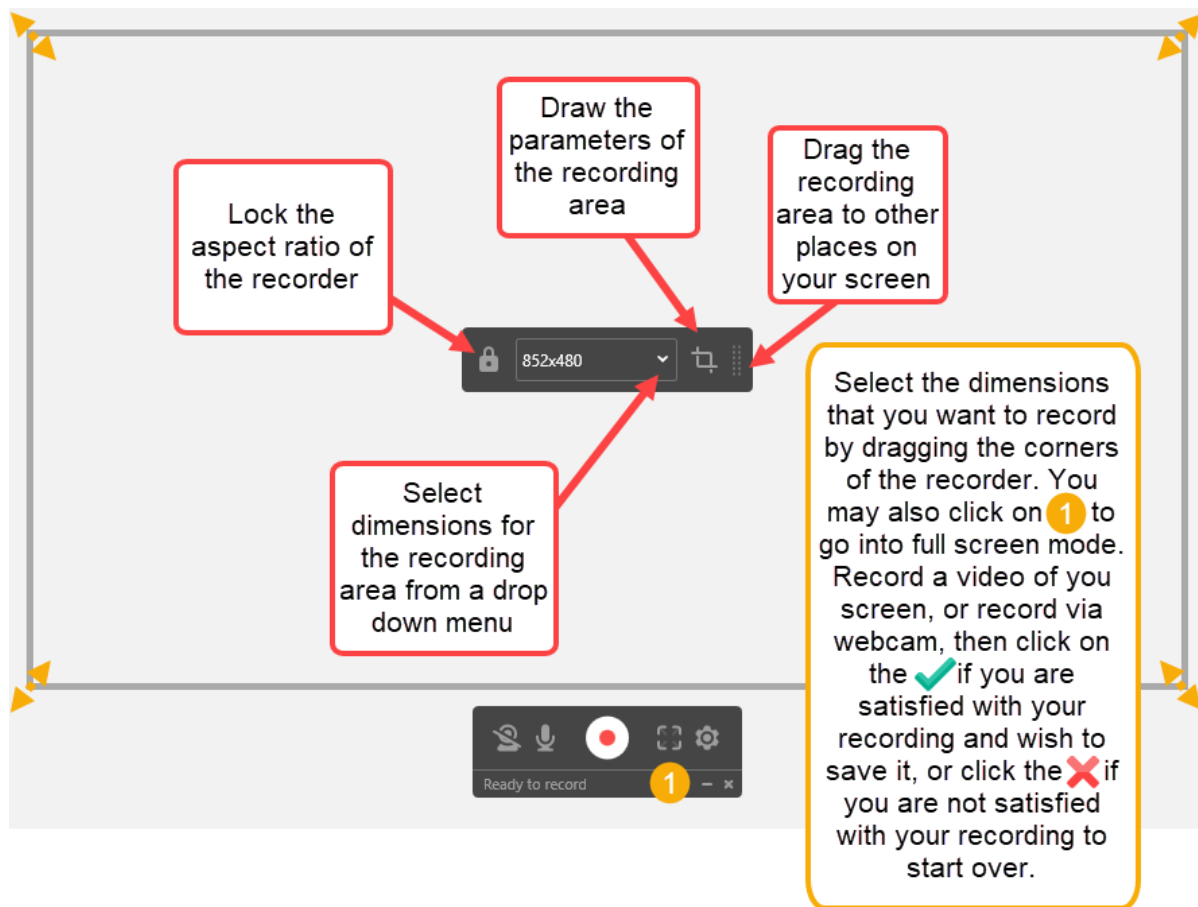

The screenshot shows the VidGrid interface with the following elements and annotations:

- Top Bar:** Search bar, "My Grid" button, and "Tutorials" button.
- Left Sidebar:**
 - Record:** A blue button with a camera icon.
 - My Grid:** A button with a grid icon, highlighted with a red box. An annotation points to it: "All your folders can be viewed by clicking on the arrow next to **My Grid**."
 - My Videos:** A folder icon, highlighted with a red box.
 - New Folder 1:** A folder icon, highlighted with a red box.
 - New Folder 2:** A folder icon, highlighted with a red box.
 - Shared with me:** A person icon.
 - Campus Wide CONTENT:** A folder icon, highlighted with an orange box. An annotation points to it: "If you do not put your videos into one of your personal folders (create a folder titled with your name or course), your recordings will go into **Campus Wide CONTENT** and will be visible for all to see and more difficult for you to locate and organize."
 - Trash:** A trash can icon.
- Main Content Area:**
 - Folders:** A section showing "My Videos", "New Folder 1", and "New Folder 2".
 - Videos:** A section showing video thumbnails, including a pink tulip and a blue flower field.
- Right Sidebar:** A large blue circular logo.
- Bottom Right Annotation:** A red box containing text about video storage rules:

Videos stored in your personal or shared folders may be:

 - combined:** several videos or parts of presentation can be combined into one video
 - edited:** trimmed, cloned, combined, deleted
 - added to:** assignments, forums, other course activities
 - shared:** copy URL, download as MP4, shared folders, embedded

Recorder Screen

1 Choose a webcam, or choose to record your screen by selecting **None** from the drop down menu.

2 Select an audio device. The green indicates that your audio device is functioning properly.

3 Click to start recording.

4 Enter fullscreen mode.

5 Recorder settings allow you to enable a countdown, enable rapid recording, save videos to your computer, and restore the recorder to its original size upon launching it.

6 Minimize the recorder.

7 Close the recorder (clicking on this before you have saved your recording will discard your unsaved draft).
